

Hello new SDSCPA Families!

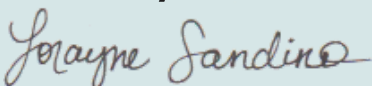

Let me welcome you to the San Diego School of Creative and Performing Arts! We are looking forward and excited to be back on campus for the 2021-2022 school year. As Friends of SCPA, it is our primary goal to raise funds for arts programming, not currently supported by other funding. With that, there will be times when our Parent Coordinator will ask for parent support in other ways. We are still awaiting direction as to how involved our organization can be for on-campus this year and will keep our parents posted for volunteers as needed. But for now, there are ways you can be involved and support your school:

- Stay informed! Make sure you are receiving Friends Newsletters and follow us on social media.
- Attend fundraising events and Mainstage shows
- Support our upcoming Annual Giving Campaign
- Tell people about us!

I can tell you first hand, SDSCPA is a magical place of learning and creativity and I'm certain this is going to be a great year for our students!

Welcome to the SDSCPA Family!

Sincerely,

Lorayne Sandino

President, Friends of SCPA
